

BARLOW'S FOODS...

Based in Atlanta Georgia Barlow's makes the best 3 in 1 pancake biscuit waffle mix and seasonal syrups. Leading with ingredients our Original mix is aluminum free, made with organic unbleached and unenriched flour. We are a woman owned business founded on the belief that great moments begin with food. The company was named after our founders' grandfather Arthur "Barlow" Harris. It is his passion for all things agriculture and our vision for food made from REAL ingredients, that Barlow's Foods was born. From our heart to your table we hope that you enjoy for generations to come.

Barlow on the farm

BARLOW

Barlow...

Arthur Harris, Paw paw, Bolo were just a few of the nicknames but everyone knew him as Barlow. A father of five, grandfather to six and great grand to many more. Barlow was from meager means a United States Army Veteran and a farmer.

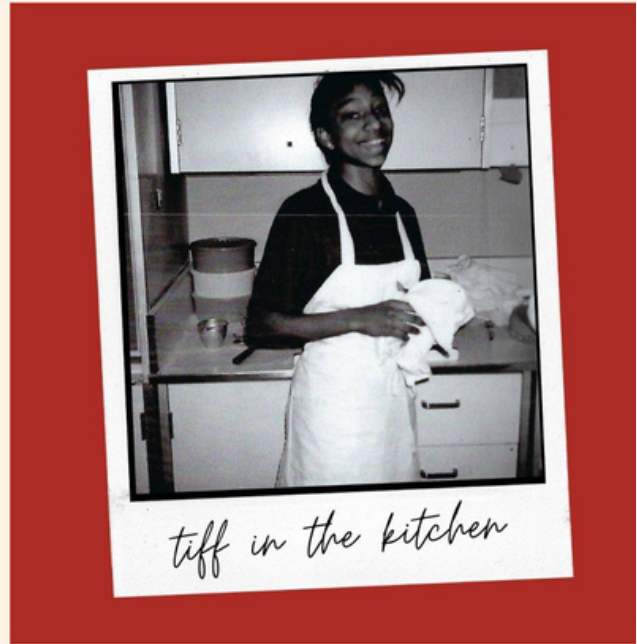

You could always find him on a farm in the midst of livestock and crops. A hard worker, as it was evident from his dingy coveralls and work boots. A simple man who could be found on his days off chewing tobacco in his favorite signature blue Levi's and cowboy hat.

HOW IT ALL STARTED..

Our founder (that's her in the photo, excuse the bang...). Now, where were we? Our founder has had a love for food since childhood. Creating recipes, cooking and of course eating. You could and can always find Tiffani in the kitchen.

With a knack for recreating recipes from taste and pairing ingredients. Her passion for food has grown over the years. A desire for a packaged food solution that embraced real, simple and whole ingredients led to the idea of creating a pancake mix.

She mixed and packed and shipped samples of this pancake mix to friends, family and neighbors. Once satisfied with the feedback received from trying samples, and confident in her recipe she was ready to move forward...but she didn't have a name for the mix.

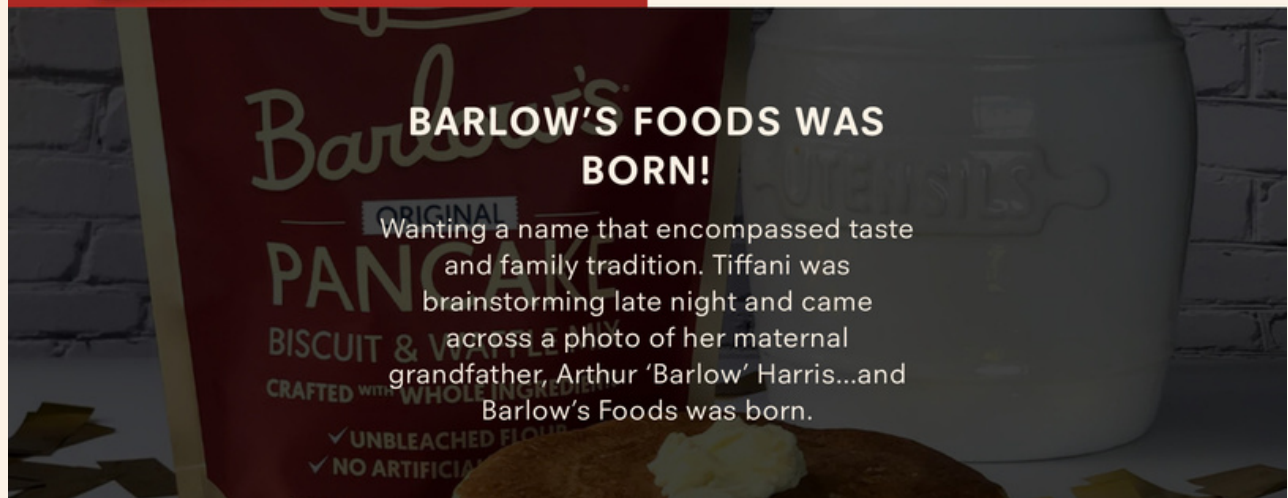

GRAND PRIZE WINNER FLAVOR OF GEORGIA

Award winning!

Barlow's signature 3 in 1 pancake biscuit waffle mix and syrups are a fan favorite!

You don't have to take our word for it. The state of Georgia voted and Barlow's came out on top. Winning best in category for syrups and overall.

This is such a HUGE honor and accomplishment as the leading brand of 3 in 1 pancake biscuit waffle mixes and syrups in the Southeast region.

BARLOW'S FOODS WAS BORN!

Wanting a name that encompassed taste and family tradition. Tiffani was brainstorming late night and came across a photo of her maternal grandfather, Arthur 'Barlow' Harris...and Barlow's Foods was born.
