ODE TO TEXAS

Signature Collections

These boxes contain our most popular confections and are inspired by our love for Texas. As a homegrown business that was around back when ox-hauled carts used to roll down Congress Ave., we've seen a lot of change. From the growing skylines to the booming music, arts, and tech scenes that color our beautiful cities, we still stand as a humble candy company that embraces it all. These would make the perfect welcome gift for those new to Austin or the DFW area, those who are homesick, or for those who just love Texas as we do.
