CHOCOLATE BRIDGE MIX (765)

## PANCRAFTED® CHOCOLATE

The art of panning chocolate is a time-honored tradition that rewards patience and precision. The process involves building a multitude of thin chocolate layers over an incredible center: a chewy caramel, a sweet sun-ripened Bing Cherry, or a perfectly roasted nut. To complete the finish, the layered chocolate is carefully dusted or expertly polished to a nice shiny gloss.

**CHOCOLATE COVER YOUR WORLD**

Meet our layers of creamy milk, rich dark, and velvety white chocolates.

**AIN'T NO JOY, LIKE A CARAMEL JOY**

Made from pure cane sugar and cooked to create the perfect irresistible flavor.

**BERRY DELICIOUS FRUITS**

From the tree to the vine, Mother Nature give us her best.

**FEELIN' SIMPLY NUTTY**

Fresh roasted nuts create the ultimate crunchy, nutty, savory combinations.

Our approach to flavor is based on our California roots. Surrounded by California's Central Coast agriculture and immersed in its ever-evolving food culture, we are on the forefront of flavor with some of the most innovative-yet-familiar chocolates.

After 35 years, we continue to enjoy building our business together and yes, we still eat chocolate. Honestly, rarely a day goes by that we don't eat at least a little. If you are a candy maker, you have to love candy and you have to be a perpetual kid.

Work should be fun; if it's not, it is a miserable way to spend the better part of your day."

- The van Dam Family

DARK CHOCOLATE SEA SALT CARAMEL POPCORN (550)

# OUR STORY

**We grew up making chocolate.** Our Dad, Marinus van Dam, true to his European roots, taught us that to **create things people loved**, it required **dedication and artistry**. Side by side in our kitchen, we handcrafted chocolates for the simple reason - **to bring a smile to friends and family**.

We are **Native Californians** and cannot resist adding our own **creative spirit** into our family business. Our chocolates are proof that a **whole lot of happiness can happen when European heritage meets California freshness**.
