FREQUENTLY ASKED QUESTIONS

What is your MOQ?

We accept orders from one case of 12 bottles on up to entire truckloads.

Can I order in multiples of six?

Yes. You can order products in multiples of 6. We kindly ask that you make sure your order ends up being a multiple of 12 (e.g., 48, 60, 72, etc.). This makes it easier for our team to ship.

What is your lead time?

Most orders ship within 1-2 business days. Orders ship from New Hampshire, so please allow time for the order to reach you.

What shipping service do you use?

We typically use UPS Ground unless you prefer another carrier. We can also ship freight orders when the total units involved in your order are 240+. We are always happy to get some quotes to figure out the cheapest way to get your order to you.

What is your packaging made of?

We use glass bottles and jars with metal caps in almost all of our products. We do our best to avoid using plastic or materials which are hard to recycle.

Are your products organic?

While our products are natural, they are not organic.

What should I do if I want to buy a few extra bottles for sampling?

You can request samples when placing your order. We will add these on at \$5 per bottle. Additional shipping costs may apply. Alternatively, you can order sample bottles directly from our website - www.woodstovekitchen.com. Just use promo code `BLENDSALESSECRETSAMPLECODE` to save 65% on your order.

Can you feature my store on your social media?

We're always happy to work with you on promotions. Just send us your social media handles and any photos you want us to use to info@woodstovekitchen.com. We will take it from there.
