OUR STORY

With a passion for uncomplicated fragrance and an undeniable love for shine and sparkle, Rebecca Keni set out to create a candle brand unlike any other. Ready to embark on her entrepreneurial journey, OPAL ROAD® was created to bring colorful, elegant, and accessible luxury candles to homes around the world. All of our candles are free from phthalates, parabens, gluten, synthetic dyes, animal cruelty, and add an elevated pop of color to any space while transforming the room with beautiful fragrance.

Rebecca spent nearly 20 years working in healthcare before she decided it was finally time to follow her creative spirit. An engineer by schooling with a love for candles and shine, Rebecca has taken the precision of engineering, her love of science, and combined that with her passion for eye catching designs and clean, non-toxic fragrance to create OPAL ROAD®.

From our purposely crafted and boxed products, to the responsive customer service and on time shipments, we promise to deliver a top notch experience. At OPAL ROAD®, we believe knowledge is power, so we partnered with Room to Read® and donate a portion of our profits to help support education and literacy around the world. We are proud to be a women-owned company.
