ARTISAN CRYSTAL JEWELRY

Aurora Crystal Jewelry is the latest creation from David Leight, inspired by over 20 years of artistry and craftsmanship from the LeightWorks brand. This innovative line honors tradition while offering high-quality, accessible designs that allow customers to experience the beauty and creativity in every piece.

Our jewelry is crafted to capture excitement and uniqueness, ensuring that wearers feel appreciated and recognized. Each piece serves as a wonderful conversation starter, inviting compliments and admiration.

Featuring stunning prismatic colors that glow from within, the **Aurora Crystal Jewelry** collection reflects a vibrant spirit of adventure and effortlessly enhances any outfit. Designed for resilience, our jewelry is perfect for an active lifestyle, allowing customers to wear it with confidence on every journey.

With a focus on durability, we blend artistry with long-lasting products that customers can treasure for a lifetime. Our jewelry is designed to be sustainable and not throwaway, ensuring it remains a cherished part of their collection for years to come.

By offering the **Aurora Crystal Jewelry** line in your store, you provide your customers the chance to embrace vibrant colors and the beauty of life, helping them stand out and feel extraordinary. We appreciate your support and partnership in sharing these unique pieces with the world!

David Leight
Founder & Creative Director

What Is It?

Aurora Crystal Jewelry is original crystal jewelry designed by artist David Leight. The crystal is crafted by layering unique blends of precious metals inside, creating a mesmerizing prism from within.

This innovative process allows the crystal to reflect and transmit a spectrum of colors, glowing beautifully on your skin and clothing.

How It's Made?

Our jewelry begins with a crystal carefully cut into shape, while precious metals—gold, silver, and titanium—are heated so intensely that they create beautiful, vibrant colors. These metals are then fused inside the crystal, forming a stunning iridescent prism. Each unique blend of metals produces its own distinct hue.

Originally developed by NASA for space applications, this advanced technology creates a prism that reflects vibrant colors while constantly shifting in response to light, movement, and even the colors of your clothing.

Quality, Built to Last!

Each design is crafted with **Stainless Steel** or **18K Gold Stainless**, making it an ideal choice for those with sensitive skin who love affordable, durable jewelry. The vibrant color is securely embedded in the crystal, protecting it from everyday wear. It won't scratch, fade, or require much maintenance.

Simply put them on, and never take them off!

Our Colors

These faceted crystals glow from within, showcasing vibrant hues that change with every angle. Backed with clear glass, their luminous colors are protected and shift elegantly, influenced by lighting, skin tone, and clothing, creating a captivating and dynamic visual experience.

Designs

Designs available in Gold Stainless and Stainless Steel are hypoallergenic, waterproof, and designed for everyday wear. Durable and stylish, they make a practical addition to any outfit.

*Colors may slightly vary from the color chart as they are all uniquely handmade.

COLOR YOUR LIFE![®]
